***Superior Odor Control, Superior Quality,  
Exceptional Price***

Wolverine vent filters can be easily installed on all PVC, ABS, Copper or Cast Iron vent pipes. To ensure a proper fit, Measure your vent pipe's outside diameter and Use the following tables to decide which Wolverine is right for you.

<b>Standard Wolverine Measuring Table For PVC or ABS Vent Pipes</b>	
<b>Vent pipe outer diameter</b>	<b>Standard Wolverine™ needed</b>
1 - 7/8" outside diameter	1.5 inch
2 - 5/16" outside diameter	2 inch
3 - 7/16" outside diameter	3 inch
4 - 7/16" outside diameter	4 inch

In order for a standard Wolverine to fit properly on a **copper** or **cast iron vent pipe**, a no-hub adaptor is required. To determine which size standard Wolverine and adaptor you will need, Measure your copper or cast iron vent pipe's outside diameter and refer to the following table.

<b>Standard Wolverine Measuring Table for copper or Cast Iron Vent Pipes</b>		
<b>Vent Pipe outer diameter</b>	<b>Adaptor needed</b>	<b>Wolverine needed</b>
1-3/4" through 2 " outside diameter	1.5 inch	1.5 inch
2-3/16" through 2-7/16" outside diameter	2 inch	2 inch
3-5/16" through 3-9/16" outside diameter	3 inch	3 inch
4-5/16" through 4-9/16" outside diameter	4 inch	4 inch

## ODORGNOME® MEASURING TABLE FOR PVC OR ABS VENT PIPES

<i>VENT PIPE OUTER DIAMETER</i>	<i>FILTER SIZE NEEDED</i>
